TUSCAN STONEWORX

# Tuscan Plaster

*Combining the convenience of hand applied coatings with the strength and beauty of real stone.*

## Description

Tuscan Plaster is a fine aggregate limestone plaster used for both interior and exterior applications. The fine limestone aggregate gives Tuscan Plaster a smooth, elegant finish that can also be lightly textured. Tuscan Plaster looks and acts like real stone because it's made from real stone.

## Uses

Tuscan Plaster is designed to be easy to work with and install- whether you're applying it on a flat surface or an intricate architectural shape. Indoors or out, flat or sculpted, Tuscan Plaster's versatility finally makes it practical and affordable to create authentic stone effects quickly and reliably.

## Coverage

All coverage's are approximate and depend upon substrate, details, and individual application technique. Tuscan Plaster is produced in 50lb bags with approximate coverage of 55-65sf per bag when installed 1/8"-1/4" thick.

## Application Procedure

See Tuscan Stoneworx Application Instructions (publication TS-107) for complete details on job conditions, applicable substrate, and finish application.

## Storage

Materials shall be stored in a cool dry location protected from inclement weather and other sources of moisture damage.

## Colors

Available in 32 standard colors as well as an impressive array of custom colors, Tuscan Plaster can help you achieve a virtually limitless range of naturalistic indoor and outdoor effects. See Tuscan Stoneworx Color Chart (publication TS-501) for color samples.

## Technical & Field Services
